YOUTUBE COMMENT ANALYSIS

DATA BOTS

April 20, 2022

PROBLEM STATEMENT

- Build a model to analyse youtube comments

DESCRIPTION

- YouTube comment Analysis is one of the Natural Language Processing techniques, which can be used to determine the sensibility behind the youtube comments.

- We can use it to determine whether comments are positive,negative or neutral.

APPROACH

DAILY PROGRESS

Tech Stacks

- Python
- Gitlab
- La TeX
- Anaconda Prompt
